Do you provide BIM models for WWTP engineers?

Water Control Equipment for Water and Wastewater Treatment Plants · https://whipps.com/whipps-inc-water-control-products-faqs/do-you-provide-bim-models-for-wwtp-engineers/

Yes, we provide BIM files and CAD drawings as part of our submittal process, including dimensional and material details. We also offer 3D models upon request to assist engineers integrating our gates into digital WWTP designs before installation and during operation.
