Do you offer manually operated options for farm use?

Water Control Equipment for Irrigation Systems · https://whipps.com/whipps-inc-water-control-products-faqs/do-you-offer-manually-operated-options-for-farm-use/

Yes, we offer manually operated options ideal for agricultural use. Our 500 Series stop gates and stop logs are commonly designed for manual operation, and our slide and sluice gates can be equipped with handwheel or crank actuators for simple, reliable control.
