# Do your products meet AWWA or ASTM standards?

Water Control Equipment for Water and Wastewater Treatment Plants · https://whipps.com/whipps-inc-water-control-products-faqs/do-your-products-meet-awwa-or-astm-standards/

Yes. Many of our water control products are designed and manufactured to meet AWWA standards, including C561 for stainless steel and C562 for aluminum slide gates. We also follow applicable ASTM specifications to ensure quality and material performance.
